

VILLETTE (Annotated)

Villette is a novel by Charlotte Brontë, published in 1853. After an unspecified family disaster, protagonist Lucy Snowe travels to the fictional city of Villette to teach at an all-girls school where she is unwillingly pulled into both adventure and romance. The novel is celebrated not so much for its plot as its acute tracing of Lucys psychology, particularly Brontës use of Gothic doubling to represent externally what her protagonist is suffering internally.
