

Charlottes Homecoming (Mills & Boon Cherish) (The Russell Twins, Book 1)

It was supposed to just be a visit. Settling down in her hometown has never appealed to Charlotte. She's got a good job and a great life in the city until a crisis forces her return to the family farm. She's not back long before the well-laid plans for her future fall apart, and send her straight into the arms of gorgeous Mayor Gray. Soon Charlotte's wondering if she may be ready to abandon her urban life and see where the intense feelings between them could lead. And she's starting to see the appeal of a white picket fence in a peaceful little town after all.
