

Walking the Path

Walking the Path, what it means to be a Buddhist. To be a true spiritual seeker we must bring our practice into daily life. What does it really mean to say I am a Buddhist, and how as Westerners, can we demonstrate our faith in this path on our own journey to enlightenment? This is a practical guide for the Western lay Buddhist on how to bring the Dhamma into every moment of our lives, to celebrate our lives and to share our joy with the world. To bring the real message of the Buddha into our twenty-first century lives we have to go beyond the religious and symbolic aspects of the teaching. We have to apply these teachings in every situation and walk step by step, on this beautiful path of awareness and love.
