

What We Believe

A Series of Essays on the Fundamental Principles of Faith Based on Chabad Chassidic Teachings. Some of us know that we do. Some of us refuse to admit it. Others who profess to believe are vague as to what they believe in. The Baal Shem Tov lit the flame of faith that exists in the heart of every Jew. The Alter Rebbe, Rabbi Schneur Zalman of Liadi, provided a conceptual framework that enables us to take hold of that flame, control its light, and turn it outward. Thus it became a torch to illuminate those corners of the world and of our personalities yet to be permeated with G-d's light. These essays probe to the core of some of the essential issues of Jewish faith and provide explanations based on the mystic understanding of Chabad Chassidic teachings.
