

## Whats Wrong With the World

In **WHATS WRONG WITH THE WORLD** author G. K. Chesterton rightly points out that what people see as wrong with the world are only the symptoms of a deeper problem. He shows that our governments, be they capitalistic or socialistic, also fail to see the deeper problem. With a keen wit and lively prose, **WHATS WRONG WITH THE WORLD** cuts directly to the true problems that society must deal with and his solutions feel utterly correct.
