

When Sparks Fly

When an intrepid heiress finds herself away from home for the holidays in the manor of a dark and handsome baron, no less romance sizzles in this holiday novella, originally published in *Snowy Night with a Stranger*, from New York Times bestselling author Sabrina Jeffries. Plain, bookish Elinor Bancroft is traveling with her aunt and young cousins to spend the holidays with her father, when a carriage mishap leaves the party stranded at the remote manor of Lord Martin Thorne. Also known as the Black Baron, he has no patience for invalids or spoiled heiresses, and children are usually terrified of him. But he gives them refuge during the snowstorm, and to keep the children out of his way Elinor helps them turn the sparse manor into a warm holiday haven for Christmas. Lord Thorne is none too happy about playing host to four children and two women at his least favorite time of the year. But sparks fly whenever he and Elinor are together, and pretty soon they both realize that Christmas takes on a whole new glow when you share it with the one you love.
