

## Where Theres Smoke

THE FLAME HAS FLICKERED Longtime bachelor Lucien Ballard gets a shock when an adolescent girl asks to use his cell phone to locate her mother in the department store, for she bears a striking resemblance to Thais Parker, the Las Vegas showgirl hed impulsively married 15 years before during a sexually charged affair. Thais broke his heart when she insisted on having the marriage annulled. When the girls anxious mother shows up to claim her, shes none other than Thais herself. Could their relationship possibly have a second act after such a long intermission? BUT IT HASNT DIED Showgirl turned actress Thais Copeland, nee Parker, has started over on the opposite end of the country after her painful divorce, with a new job on a popular soap opera. She never expected to see Lucien Ballard again. He soon makes it clear he still wants to light her fire, but things arent as simple as they were 15 years ago. She has a sensitive daughter who longs for her parents to reconcile, and besides, in spite of their intense affair, Lucien is essentially a stranger to her...a stranger who still leaves her breathless with wanting. But a mere affair at this stage in her life wont cut it. Do they have what it takes to turn their burning attraction into a mature partnership?
