

## White Knight (Scoundrels Book 2)

Shea Landon knows this is a bad idea. But when you're broke, tired and homeless, you do crazy things. She decides to crash in her new place of employment, a fetish club, borrowing the big, comfy bed that's used as a stage prop. She doesn't realize she's not alone. Travis Knight knows this is a bad idea. As he views his new waitress sneaking around the club after hours, he realizes he should fire her, call the police. Instead, captivated, he watches her on the same security monitors that separate him from the world. Until watching isn't nearly enough. Two people desperate, one broken, both hopelessly alone. Two people assuaging their needs through spanking and sex games, bondage and taboo fantasy. It's not enough. It has to be when the biggest secret between them might be a tragedy neither can overcome. *White Knight* was previously published.
