

ISLAM IS NOT A BACKWARDS RELIGION

I sometimes hear people who I profoundly respect refer to Islam as an archaic, barbaric, backward religion from the 7th century. I must respectfully disagree. No doubt there are hideous barbaric Muslims who do the most hateful things in the name of Islam. One only need look at what happens every day in places like Afghanistan, Pakistan and other Muslim dominated nations to see the shameful degradation that people suffer under in the name of Islam. But there are hateful people in all religions. I do not believe Islam is backward, barbaric or archaic. Don't get me wrong, I do not approve of Islam. I simply believe that Islam was and still is ahead of its time in many ways. This is because Islam is not a religion so much as an all encompassing totalitarian political movement that includes certain religious aspects and functions. In many ways Islam goes far beyond what we consider religion, and in other ways remains far less.
