

Wild and Wonderful: West Virginia (The Americana Series)

Every novel in this collection is your passport to a romantic tour of the United States through time-honored favorites by Americas First Lady of romance fiction. Each of the fifty novels is set in a different state, researched by Janet and her husband, Bill. For the Daileys it was an odyssey of discovery. For you, its the journey of a lifetime. Your tour of desire begins with this story set in West Virginia. Could Glenna bargain with a man like Jett? For her fathers sake, Glenna Reynolds felt she had to try. The government was going to shut down her fathers coal mine any way-the only chance was for a merger with Jett Coulsons huge conglomerate, Coulson Mining. She found Jett Coulson devastatingly attractive, but a tough businessman. And he wasnt interested in absorbing Reynolds losses. It would have been easy if youd suggested a merger with you, he told Glenna. In spite of his cool, emotionless arrogance, somehow Glenna was tempted by the proposition!
