

## McKingley Volume Two

Risky Pleasures Delicia Wright is an EMT in her hometown of McKingley, New Mexico. A confident young woman who could handle anything life threw at her, or so she believed. How conveniently she forgot the one man in town who could turn her into a babbling idiot. He was a hard man to forget, but she managed to put him in the back of her mind, along with all her fantasies of the two of them. Archer Bennett is a through and through blue-collar man who has callouses on his hands and most of the time grease under his nails. He knows hard work. Unfortunately for him, the woman he desires above all else was born with a silver spoon in her mouth and to some of her family he would always be the boy from the wrong side of the tracks. So for now, all he can do is observe her from a distance. Pure Harmony Jonathon Wright is one of the most sought-after attorneys in and around McKingley, New Mexico. He's cool, calm, and fastidious. Reputed to be one of the more serious of the Wright clan he tends to keep to himself and focusing on his career. None of which matters when one night in a hotel changes everything. He can't get her out of his mind and so when the opportunity arises, he pursues, determined to have her. Harmony Oshiro is a child prodigy. An accident has since taken her ability to perform as she once had, so she's left the limelight and come to McKingley to teach music at the university, trying to heal her soul. She never knows that here she would run into the man with whom she'd spent one night of bliss.
