

Winds of Fortune

The fifth in the saga of the Provincetown Tales. The winds of fortune are fickle guides and happiness or heartbreak may be the destination. For Provincetown local Deo Camara, the only winds that have ever blown her way have been cold and lonely, and she doesn't expect things to improve when she is drawn into a family crisis against her will. Despite a decade of estrangement, however, Deo can't turn her back on the call of blood, no matter how high the price in heartache. Dr. Bonita Burgoyne is pleased with the changes she's made in her life; she has a rewarding new job and is looking forward to renovating the historic sea captain's house she has just purchased. She's content, and that's all she needs to be, or so she thinks until she hires Deo to head up the renovations. They have nothing in common except a shared legacy of betrayal by those they'd trusted the most, and an impossible attraction they would both prefer to ignore. Meanwhile, Bonita's new associate Dr. Tory King and her partner, Reese Conlon, must cope with the aftermath of the winds of war and the approaching fury of a very real gathering storm.
