

Loris Wolf Pack, Rolfs Wicked Winter: Book 2 (Volume 2)

Rolf wants nothing more than a couple of days away from the Pack. As Beta he is always kept busy and sometimes he just needs a break. No better way than to go hunting for wild turkey for the Packs Christmas dinner. What he didnt expect, less than a few hours of arriving at the hunting cabin, was finding an injured Panther Shifter. His Beta comes to the fore and offers her help and shelter. What comes next is something neither expected, but they cant ignore it. They return to his Pack together and alert Alpha, Lyall, that danger may be headed their way. Can they take it on, and win? Or will all hell break loose and tear them apart? Another hot paranormal romance from New York Times Bestselling Author, A K Michaels, that continues the story of Loris Wolf Pack. If you like your Shifter romance hot and steamy, then this story is for you.
