

15 Steps to Better Time Management and Higher Effectiveness: How to Achieve More by Doing Things that Just Make Sense

15 Steps to Better Time Management and Higher Effectiveness Would you like to learn the best time management techniques and become a more effective person? If so, you'll find this book useful. 15 Steps to Better Time Management and Higher Effectiveness: How to Achieve More by Doing Things that Just Make Sense contains 15 key ways to become a more effective person. I write about the most powerful time management tips that will help you increase your productivity and achieve more while doing less. No fluff, just practical advice. Time Management Doesn't Have to Be Difficult It's easy to drown in the ocean of time management advice and never find out what is truly important and useful. My motivation to write this book was to provide a quick read that will help you make better decisions when managing your time and effectiveness at work. Consequently, you will get maximum value in minimum time. Here are just some of the things you will learn from the book: why you should focus on doing important things instead of doing more things how to use the 80/20 Principle and One Thing to become more effective why taking short breaks increases your effectiveness (it's scientifically proven) how to deal with procrastination by reducing the resistance how Parkinson's Law can help you halve the time you need to accomplish something how to find your magic hours and why they are so important to your effectiveness how to maximize your magic hours to become more productive why you should stop doing these tasks at home (unless you're okay wasting a few hours a week) why you should delegate as much as you can, even things you do quite well how to stop wasting your time when waiting (you can easily find a few more free hours a week this way) how your cluttered desk and computer affect your productivity in a negative way (and what to do about it) if you don't have it, your effectiveness will be

low whether or not you're using the principles I share with you in this book how multitasking damages your brain why you shouldn't be constantly busy why skipping sleep is not a good idea to become more effective why time management doesn't involve getting more done in less time Would You Like to Improve Your Time Management Skills? If you want to learn how to manage your time better and become a more effective person, this book is a must-read for you. You don't have to be overwhelmed by the work you have to do. By following the advice from the book, you will start achieving more while doing less. If you want to increase your effectiveness, scroll up and buy the book now. You already invested your time in reading this description. Why not invest a little bit more time in a book that will help you save a lot of time? P.S. As a thank you for buying the book you will receive a short bonus chapter explaining one of my most powerful techniques to be more effective.
